Dear Roanoke Times Late Sunday Sports Desk:

Here are the results from the 10th Great Escape mountain bike race, this version entitled the East Coaster's Great Escape held Sunday in Craig County. Very few races anywhere have survived for 10 years, especially with a sport as young as ours. We know of only one other race that can claim this longevity. The race is 26 miles long with over 4000' of climbing combined with extremely technical trails.

We know that none of these can claim the difficulty of this trying event. Please include it in your Monday sports page if you can.
